French Cabinet Split on Union of Europe

By JOSEPH E. DYNAN

PARIS (AP)—President Charles de Gaulle's government split today on the issue of European union as all five cabinet members from the Catholic Popular Republican party abruptly resigned.

The walkout was the first break in the government formed just a month ago by Premier Georges Pompidou. It foreshadowed difficulties for Pompidou in the National Assembly, many of whose members oppose the new premier because he is not a member of the assembly.

Those who resigned were Pierre Pflimlin, the party's national chairman and a minister of state in charge of cooperation with the African states; minister delegate Maurice Schumann; Robert Buron, minister of public works and transport; Paul Bacon, labor; and Joseph Fontanet, public health.

A party caucus decided on the resignation Tuesday night after de Gaulle at a news conference reiterated his opposition to the supranational framework for European unity strongly favored by the group.

Under such a supranational system, most decisions in a European union would be taken by majority vote of the member nations. But de Gaulle told the news conference Europe's presently nationalistic states should learn to live together in a loose confederation and later tighten their organization.

A joint statement from the Catholic ministers said:

"Yesterday's news conference revealed essential differences between the concepts of Gen. de Gaulle on the orientation and aims of European policy and the ideas to which we are attached. These differences will not permit us to remain in the government."

The surprise move was a severe slap at de Gaulle. It came on the eve of a four-day speaking tour through central France scheduled by the president.

Appaloosa Horse Show Here May 26

Arkansas' first approved Appaloosa Horse Show will be held in the Coliseum at Hope Saturday, May 26, under the sponsorship of the Arkansas Appaloosa Horse Club. This club was organized in 1961 with Paul Hooper of Camden as its first president.

The program for the day will include a Pony of America Show beginning at 10 a.m., followed by the Appaloosa halter class show in the afternoon. The evening portion of the show will be all performance classes.

The Hope Chamber of Commerce is cooperating with the Arkansas Club in the promotion of this show.

Two Counties Short 4,000 Laborers

JONESBORO, Ark. (AP)—Craighead and Poinsett counties have a shortage of 4,000 laborers with cotton-chopping season upon them, and the Employment Security Division has sent recruiters into the hill areas of the state in search of workers.

The counties were allocated 2,400 Mexican nationals by the Employment Security Division Tuesday, 200 less than last year. More than 12,000 Mexican cotton pickers were approved for this fall.

There is about 187,000 acres of cotton in the two counties, some ready to chop now and most ready to chop by May 25, said Richard E. Jones, district ESD manager. He said the ESD hopes to fill the labor shortage with domestic workers, but that the allotment might be raised if not enough domestic labor is found.

"We can give all who contact us work," he said.

Poinsett and Craighead counties traditionally vie for second place, behind Mississippi County, as the top cotton producers.

Weather

Total 1962 precipitation through April 17.85 inches; during the same period a year ago, 16.28 inches.

Plant Study Planned by State AIDC

LITTLE ROCK (AP)—The Arkansas Industrial Development Commission staff will make a comprehensive study of competitive factors involved in attracting industry.

The study was authorized by the commission Tuesday at a meeting in McGehee.

One of the competitive factors is a recent income tax reduction in Mississippi. William P. Rock, AIDC executive secretary, indicated earlier this week he thought Arkansas might have to take some action to offset this advantage to Mississippi.

Rock said the tax question was discussed by the commission Tuesday but the commission will wait for results of the study before making any recommendations. "There may not be anything the state can do about this competitive situation," Rock said. "But we need to know what the situation is so we can do everything possible."

Rock estimated that each \$1 million in payroll added by new industry provides \$50,000 in new taxes to the state.

"If we can get this \$50,000 by cutting the income tax, say \$10,000, the state has made a profit," he said.

Rock said new payrolls added since AIDC started operation in 1955 produce about \$10 million in taxes each year.

"However, the net gain is not that much, since for each three new jobs we get, we are losing two," Rock said. "But even with those figures, the total new taxes provided by industrial expansion comes to more than \$3 million a year."

Other competitive factors which will be studied are freight rate advantages and low power rates in Tennessee Valley Authority areas.

The AIDC long has fought for lower freight rates from Arkansas to eastern points.

The freight rate setup, Rock said, gives Mississippi a cost advantage over Arkansas in shipments to eastern points but does not give Arkansas an advantage over Mississippi in shipments west.

Rock said three or four industries had been lost recently because of the competitive situation.

"We're fighting everybody for these industries," Rock said. "Everybody is after the same plants and every factor involved must be thoroughly assessed."

Thailand Is Hot But a Friendly Land

By THE ASSOCIATED PRESS

American Marines landing in Thailand today will find a country of golden temple bells, elephants, great rain forests of teak and rosewood, and a people who make friendliness a national way of life.

It will be hot in the kingdom of ancient Siam. Soon it will be very wet.

The monsoon rains begin this month and before they are over in September will have spilled some 50 to 60 inches over much of a country larger than the state of California.

The main attraction for rest and recreation, of course, will be the sophisticated capital city of Bangkok, buzzing with activity and night life. Its ancient temples have long golden spikes on the pagoda roofs, sharpened to frighten the evil spirits away.

Small bells attached to the spires tinkle in the wind.

Bangkok is a city of contrasts with a teeming population living on river boats that bring fresh vegetables and flowers to market each day.

The area of the northeast along the Mekong River border with endangered Laos is a vastly different region known as the Korat Plateau where 9 million of Thailand's 24 million people live.

The plateau is dry, with no more than 30 inches of rain per year, and its people are poor. They raise scrawny herds of cattle and hogs, which are sold in Bangkok and, in good years, as far away as Malaya.

Farther north along the Mekong, the country sharply differs from the Korat plateau. There are big trees, elephants, elephant grass, and areas of the prized teakwood.

Carver Infants Die Tuesday

The twin babies of Mr. and Mrs. Frank Carver died Tuesday. The paternal grandparents are Mr. and Mrs. Russell Carver of Hope and Mr. and Mrs. James Mathenia of Still, Mo. are maternal grandparents.

Graveside services will be held at 3 p.m. today at Memory Gardens by the Rev. Gordon Renshaw. Arrangements are in charge of Herndon-Cornelius.

Vote Literacy Test Bill Is Laid to Rest

By JOHN CHADWICK

WASHINGTON (AP)—The administration's voter literacy test bill has been laid to rest for this session, talked to death by Southern senators.

In its wake, civil rights advocates have promised another fight next session to change the Senate rules to make it easier to break filibusters.

After twice refusing to choke off debate—and thus force an end to Southern speeches against the measure—the Senate voted 49-34 late Tuesday to put the literacy bill aside and proceed to other legislation.

This wrapped up a victory for Southern foes of the measure. They had successfully staved off efforts to bring it to a vote ever since it was called up by Democratic and Republican leaders on April 24.

The measure would have exempted anyone with a sixth-grade education from passing a state literacy test to qualify to vote in congressional and presidential elections.

Its supporters said the bill was aimed at discrimination against Negroes by election registrars in about 100 Southern counties. Dixie senators denounced it as an unconstitutional infringement on states rights to determine voter qualifications.

The Senate rejected by a 53-43 vote last Wednesday, and by a 52-42 count Monday, motions to invoke its antifilibuster rule and cut off debate on the bill.

A two-thirds majority of senators voting is required to put the rule into effect.

U. S. Files Race Charge in Georgia

WASHINGTON (AP)—The Justice Department filed a complaint in Macon, Ga., today asking a stop to what it called discrimination against Negroes in voting facilities in Bibb County, Ga.

Atty. Gen. Robert F. Kennedy said the suit is the first brought by the department challenging discrimination in the actual conduct of elections. It covers both primary and general elections.

"Negroes are not being deprived of the right to register or to vote in this case," Kennedy said. "Our complaint relates to discrimination in how and where they vote."

The complaint said the defendants have required and are planning to require Negroes to vote in separate polling places on voting machines designated for Negroes only, with white and Negro vote totals separately tabulated and published.

The department said the complaint named as defendants the Bibb County Democratic Executive Committee; Lawton Miller, its chairman; 2 other officers and members of the committee; and Walter C. Stevens Jr., ordinary of the county.

Jaycees Plan Car Safety Check Here

"Join Hope Jaycees Circle of Safety — Check Your Car—Check Your Driving—Check Accidents" Mayor Frank Douglas urged all area motorists today. Hope Jaycees' voluntary Safety-Check is scheduled for the 19th and 20th.

"This voluntary Vehicle Safety-Check gives every motorist a chance to do his part in making our community a safer place to live," he said. "Even our best drivers are poor risks if they are driving cars with bad brakes, worn tires or other neglected items."

"Equally important in our Safety-Check is the challenge to all drivers to check their conduct behind the wheel. Both safe cars and safe drivers are needed to check accidents," he declared.

Mayor Douglas announced check lanes will be set up at 3rd and L&A track to give motorists an opportunity to take advantage of the free voluntary 10 point Vehicle Safety Checks. The lanes will be open from 7 to 7 Saturday and 12:30 to 7 Sunday and will be operated by Hope Jaycees and qualified mechanics.

DEMANDING RESIGNATION — Republicans in Washington were demanding resignation of Agriculture Secretary Orville L. Freeman over charges that his department had an employee dragged screaming to a mental institution because she knew too much about Billie Sol Estes. Ike-Backed Candidates Post Wins

By THE ASSOCIATED PRESS

Two men endorsed by former President Dwight D. Eisenhower won Republican gubernatorial nominations by lopsided margins in Nebraska and Pennsylvania and Gov. J. Millard Tawes won Democratic renomination in Maryland by a surprisingly large margin.

The Eisenhower-backed winners in Tuesday's primary elections were Rep. William Scranton in Pennsylvania and former Secretary of the Interior Fred Seaton in Nebraska.

Tawes overcame allegations of patronage peddling to win nomination for a second term by a solid margin in what had been rated a very close race. The former state comptroller, 68, handed Baltimore contractor George Mahoney his seventh straight defeat by a 3-2 margin in popular votes.

Maryland Republicans picked former Rep. Frank Small Jr. to contest Tawes in November.

Scranton, 44, entered the Pennsylvania race after Eisenhower—a fellow Pennsylvanian—let it be known he would campaign only for "young and vigorous" tickets. He had the party leadership's backing but State Grange Master J. Collins McSparran, charging that Scranton was a "carbon copy Democrat," waged a vigorous campaign. Scranton rolled up a 4-1 margin.

His opponent in November will be Richardson Dilworth, former mayor of Philadelphia, who crushed two politically unknown candidates in the Democratic primary. Dilworth tried once before, in 1950, and lost by 86,000 votes.

Gov. David Lawrence, a Democrat, cannot succeed himself under Pennsylvania law.

Seaton, a Hastings publisher who spent eight years in various appointive jobs in the Eisenhower administration, bowled over two opponents by a better than 4-1 margin in the Nebraska Republican primary.

Nebraska Democrats renominated Gov. Frank Morrison. He easily defeated two candidates, including the widow of his predecessor, the late Gov. Ralph G. Brooks.

Maryland voters also picked nominees for the Senate seat being vacated by retiring Sen. John Marshall Butler, a Republican. Democrats gave the nod to Rep. Daniel Brewster while Republicans chose former Rep. Edward T. Miller.

Six incumbent congressmen—five Democrats and a Republican—also won renomination to new terms, and nominees were chosen for the first time for congressmen at large. Newton I. Steers, husband of Mrs. Jacqueline Kennedy's step-sister, apparently won the Democratic race was a toss-up between two Maryland legislators, Carlton R. Sickles and Perry O. Wilkinson.

Developers Organize

PARAGOULD, Ark. (AP)—Formation of a Green County Development Association was approved by some 60 persons meeting here Tuesday night. Organization of the association will come at a later meeting. Purpose of the association will be to plan for economic and social development of the county.

Super Jets Precede U.S. Troops Sent to Defense of Thailand

Red Pullback Reported as Troops Arrive

BANGKOK, Thailand (AP)—A dozen U.S. Air Force jets flew into Bangkok today as the spearhead of a new U.S. Southeast Asian command to help defend Thailand from any Communist thrust from Laos.

As the swift Super Sabres landed, U.S. military sources reported that Laotian troops had moved back into Houei Sai, the Laotian border village they abandoned last Friday before a Communist offensive.

American sources said the main body of the pro-Communist Pathet Lao and its North Vietnamese supporters apparently had faded back 50 miles from Houei Sai. This force was reported at Vien Phou Kha, 40 miles south of Nam Tha, the provincial capital of northwest Laos overrun nearly two weeks ago at the start of the Red drive in northern Laos.

About 300 Laotian troops who fled across the Mekong River into Thailand, moved back into Houei Sai and set up a defense perimeter 10 miles outside the town, authoritative sources said.

The first U.S. F100 jet Super Sabres which arrived were from the 13th Air Force Squadron in the Philippines. They can fly 1,000 miles an hour and pack a lethal load of explosives.

Expected later were eight more F100s and a squadron of A4D Skyhawks, slower but able to hit hard with a load of 6,000 pounds of bombs.

They were to be followed at dawn Wednesday (about 5 p.m., EST Wednesday) by 1,800 combat Marines to be landed at a Thai naval base south of Bangkok from units of the U.S. 7th Fleet in the Gulf of Siam.

Military sources said C130 transport planes would be flown into Bangkok's Don Muang Airport to airlift the Marines to Thailand's northeast border with Laos.

The Pentagon announced in Washington that 1,200 other Army troops would be sent to Thailand from the Pacific area. With 1,000 Army combat men already here after recent SEATO maneuvers, they will bring the total American force bolstering Thailand's defenses to about 5,000 men.

The Marines were waiting just off Thailand's coast. Helicopters are expected to begin landing them Wednesday at the Thai naval base at Sataheep.

The initial U.S. air reinforcement reportedly will total about 45 jets in all. Although they can fire nuclear weapons, Washington sources indicated this is unlikely in the present situation.

American officials said there

John A. Crain

John Atkins Crain, son of Mr. and Mrs. Louis E. Crain of Hope, who is a senior at Hope High School, has been recommended and accepted as a Junior Counsel-Boys State, to be held at Camp or for the 1962 American Legion Robinson, Little Rock, Arkansas, from June 2, 1962 through June 9, 1962.

At the end of each Boys State Session, the Senior Counselors recommend a list of boys, who have attended that session, to serve as Junior Counselors in various capacities for the next session of Boys State.

John will serve as a City Junior Counselor.

Appeals for Development Cooperation

Bill Denman Jr., Prescott attorney, addressed Hope Kiwanis Club Tuesday and appealed for cooperation among Southwest Arkansas counties for economic and social development of this area.

He explained the "county development program" currently being sponsored by the U.S. Agricultural Department with technical aid furnished through county agents of Arkansas.

He told of a Nevada county organizational meeting and some of the proposed projects discussed there. He urged Hempstead county to join with Nevada in the development of each county.

"We are particularly concerned about our population loss which has been nearly 50 per cent in the past 20 years," Mr. Denman pointed out, "and what steps we can take to prevent further loss."

The president and his advisers were represented as being just a little short of disgusted with the performance of U.S.-trained Laotian troops who fled through the Laotian border town of Houei Sai into Thailand without waiting for any contact with Communist Pathet Lao.

Those who attended the briefing said the President felt that the display of strength should be sufficient to demonstrate that the United States does not intend to permit the whole Southeast Asia area to be overrun by the Communists.

Thinks Action To Speed Laos Negotiations

By JACK BELL

WASHINGTON (AP)—President Kennedy has told members of Congress he believes the U.S. show of military strength in Thailand may speed lagging negotiations to form a coalition government in Laos.

Members who were briefed at a White House session Tuesday said the President and his advisers feel the troop buildup in Thailand—which they said is likely to go beyond the 5,000 man total publicly announced—is bringing Gen. Phoumi Nosavan around to the idea of negotiating.

Phoumi, reputed Laotian strongman in the government of pro-Western Premier Boua Oum, has resisted U.S. pressure to join in a coalition regime. He was said to have given indications since the Thailand buildup that he now is ready to talk about taking part in a neutral government.

Kennedy was represented as pleased that neutralist Prince Souvanna Phouma, who has tried to act as a buffer between Boua Oum and pro-Communist Prince Souphanouvong, is returning to Laos from Paris.

In response to questions put by Republican conferees, Kennedy is said to have reported that Phouma is committed not to agree to any settlement which would let Communists take over key defense and interior posts in any coalition government.

Kennedy made it clear at the conference—held in advance of the latest U.S.-Soviet agreement on the necessity for an effective Laotian cease-fire—that while he considered it remote, he was not ruling out the possibility that U.S. troops might have to go into Laos.

"This obviously will not happen if the Soviets clamp down on the Communist Pathet Lao forces. But members of Congress said it could materialize if there are dramatic adverse developments."

Those who attended the briefing said the President felt that the display of strength should be sufficient to demonstrate that the United States does not intend to permit the whole Southeast Asia area to be overrun by the Communists.

The president and his advisers were represented as being just a little short of disgusted with the performance of U.S.-trained Laotian troops who fled through the Laotian border town of Houei Sai into Thailand without waiting for any contact with Communist Pathet Lao.

Reds Pullback

Continued From Page One

were no plans so far to send U.S. troops into Red-infested Laos. But the Kennedy administration clearly hoped the military buildup would pressure the Pathet Lao from overrunning the rest of the kingdom.

There was hope in Washington that the Soviet Union would bring pressure on the Pathet Lao chief-minister, Prince Souphanouvong, to abandon his military drive and return to negotiations for a political settlement setting up a neutral coalition government for Laos.

The United States and the Soviet Union announced agreement in Washington for the need of an effective cease-fire and a peaceful political settlement in Laos. The announcement, following a meeting of Secretary of State Dean Rusk and Soviet Ambassador Anatoly Dobrynin, did not specify whether Laotian pro-Red forces would return to the old cease-fire line in effect before the recent Communist sweep.

Even before announcement of the U.S. landings requested by Thai Premier Sarit Thanarat, there were signs the Pathet Lao in northwest Laos was beginning to pull back from Thailand's border.

The Royal Laotian government said in a communique from Vientiane that six pro-Red battalions had withdrawn from the border area around Houei Sai toward the Red Chinese frontier.

FAYETTEVILLE, Ark. (AP) — The University of Arkansas Baccalaureate sermon will be delivered here June 1 by the Most Rev. Robert E. Tracy, bishop of

Park Proving Good Spot for the Giants

By MIKE RATHET

Associated Press Sports Writer

That wind tunnel known as Candlestick Park has turned into a Garden of Eden for the San Francisco Giants.

Continuing the amazing run that has catapulted them to the top perch in the National League, the Giants hopped on Curt Simmons and whipped the St. Louis Cardinals 6-3 Tuesday night for their 16th victory in the last 19 games.

It also was the ninth consecutive triumph and the 15th in 17 games at home for the Giants, who apparently have learned to cope with the shifting windy currents in Candlestick Park and made home a paradise.

Billy Pierce posted his fifth win without a loss as San Francisco held its four-game edge over second-place Los Angeles and pushed the third-place Cardinals six back.

(M-Missing)

The Dodgers used a six-run seventh inning outburst to subdue Houston 10-7.

Cincinnati's defending champion Reds won their fifth in a row and the 10th in 12 games by beating Philadelphia 3-2. Pittsburgh broke a six-game losing streak with a 5-4, 10-inning decision over Milwaukee and the New York Mets outlasted the Chicago Cubs 6-5 in 13 innings.

In the American League, Kansas City knocked off league-leading Cleveland 6-5, Boston walloped the second-place New York Yankees 14-4, Minnesota defeated Detroit 4-2, Chicago's White Sox edged Washington 4-3 and Baltimore belted the Los Angeles Angels 7-1.

Simmons (5-1), who last week became the first pitcher to throw a complete game at the Giants, was bombed for six runs in three innings and that was it as Pierce scattered nine hits until he tired and needed Stu Miller's help in the eighth inning. The decisive runs scored in a three-run third on a double by Willie Mays, Orlando Cepeda's single and doubles by Felipe Alou and Jim Davenport, the last off reliever Ray Washburn.

Shortstop Maury Wills drove in four runs for the Dodgers, knocking in the go-ahead run in that wild seventh with a single after pinch hitter Doug Camilli had singled across the tying tally. Trailing 7-4 with two out in the inning the Dodgers erupted for six hits and a half dozen runs that kayped

Colts starter Bob Bruce. Larry Sherry (2-1) picked up the win in relief while Bob Tiefenauer was charged with the loss.

The Reds got away in front on home run No. 12 by Vada Pinson in the first, then put it away with two runs in the second as Leo Cardenas' double and a single by winning pitcher Joey Jay (5-3) each knocked in a run. That made Art Mahaffey (2-5) a loser for the fifth consecutive time.

Dick Groat drove in the tying run for the Pirates with a single in the seventh, then singled and scored the winner in the 10th on a two-out single by Smokey Burgess off Jack Curtis (1-3). Harvey Haddix (2-1) won it. Rookie Denis Menke accounted for all the Braves' runs with a grand slam homer in the fourth after Earl Francis had walked three consecutive batters.

Rookie Cal Koonce walked pinch hitter Hobie Landrith with the bases loaded and two out in the 13th forcing home Gil Hodges with the winning run for the Mets. George Altman was 4-for-6 with two homers for the Cubs, who replaced the Mets in the cellar.

Escapes to West

VIENNA, Austria (AP)—A Soviet soldier, stationed in a Hungarian border town, crawled under the barbed wire of the Iron Curtain at the frontier Monday night and asked for political asylum, police reported Tuesday.

AP&L Lines Get PSC Approval

LITTLE ROCK (AP)—The Public Service Commission gave AP&L Lines today to build 115 kilovolt transmission lines in Union and Arkansas counties.

The commission also approved wholesale gas contracts between Arkansas Louisiana Gas Co. and the Conway Light, Power and Water System and Arkansas Chemicals Inc. of El Dorado.

AP&L proposes to build a 12-mile transmission line running southwest from near Strong at a cost of \$213,000 and an 11-mile line between DeWitt and Gillett, costing \$291,000.

DOROTHY DIX

Her Married Sister a Problem Child

By HELEN WORDEN ERSKINE
Dear Helen: My sister and I come of good family. We grew up in the West Coast town where we still live, which makes my problem all the more difficult. To tell the stark truth, she is a floozy! She has a husband who worships her, four lovely children and everything she could ask for materially but—she openly boasts of having gone with 35 different men in the last three years.
Everyone has tried to talk sense into her but nothing works. A year ago her husband called mine to come over at two a. m. My sister and one of her boy friends had been parked outside her house in a car. When her husband came upon them, she at-

tempted to run over him. Then she and that love burglar took off at 60 miles an hour. I hurried after my husband, arriving just Continued on Page Six

Friendship HD Club Meets
The regular meeting of the Friendship HD Club was held in the Hansford Stone home Wednesday. Roll call was answered with "Improvements I'd like to see in our club." Mrs. Bettie Duncan gave a demonstration on "Sewing."
Refreshments were served to 8 members and one new member, Mrs. Arnold Linzy.

Coming and Going
Among the Hope visitors for the Payne reunion at Archie Cothren on Rosewood Ranch near Centerton were Mr. and Mrs. Willis Cobb and Mrs. Francis James, Cathy and Jim.
Cpl. and Mrs. M. P. Michaud and Karen of Oceanside, Calif. are visiting in Hope with her parents, Mr. and Mrs. Homer Gaines.

Brookwood PTA Has Meeting
The Brookwood PTA met Wednesday, May 9 at 3 p.m. in the school auditorium. The president, Mrs. Jim James presided over the business meeting. "Love" was the topic of a very effective devotional given by Mrs. L. F. Slotton. The president's message "Resources" was given by Mrs. Lowell Harris. The PTA boys under the direction of Troy Buck, presented an outstanding program on "Parliamentary Procedure." Mrs. Frank King installed the following officers for the coming year:
President, Mrs. Brack-Schenck; vice president, Mrs. Minor Polk; secretary, Mrs. Floyd Leverett; treasurer, Mrs. Lowell Harris; historian, Mrs. Phinix Herring.

... next time you and myself too."

After taking her to the hospital (the cuts were only superficial) we went home. Next day I talked to our minister, who agreed that she needed professional help fast. However, no one has the courage to tell her for fear of precipitating another scene. It's a dreadful situation.

My younger brother and sister have done all they could, to no avail. Our mother blames herself, believing that she's failed as a parent. But the rest of us turned out okay. How can we solve our problem? —Worried Sister

Dear Worried: If it's any comfort, your problem isn't unique. The moment you take sides in any wrangle between husband and wife, you're on the firing line.

Your sister is obviously in need of psychiatric treatment. Since she refuses to listen to reason, your brother-in-law should apply to the district attorney's office for a court order to commit her to a sanatorium. Tell him not to be sentimental. This is for the good of the children, as well as the protection of his wife—from herself.

Given rest and treatment, she could be a credit instead of liability to self and family. Her tempers alone indicate an unbalanced mind. Censoring her will do no good when you are dealing with a mentally sick person. Her husband, legally recognized as her next of kin, is the only one who can take action unless when on the rampage, she endangers the lives of others. Then the law steps in.

Dear Helen: The boy I like is 6 feet 7 inches tall. I am 5 feet 3. When Ladies Choice comes up at school dances I ask him to be my partner but he says he doesn't dance, yet I know he does.

He told a girl friend that the only girls who tagged him were the short ones and to dance with them would make him look like a fool. He's quite popular: star of the basketball team, could double for Elvis Presley if Elvis were taller. He is a good dresser because all his clothes have to be made to order. I'd like to help him overcome this complex about his height. How should I go about it? —Birdie

Dear Birdie: Don't kid yourself. If that boy is a basketball star, he has no inferiority complex. He just isn't interested in you. The surest way to get his attention is to date the star of the rival team. Play one against the other and you'll be the most sought after girl in your school.

Send your problem to Helen Worden Erskine care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "The Way to a Boy's Heart."

Publisher Dies
POTTSVILLE, Pa. (AP)—Nelson J. Clayton, 82, president of the J. H. Zerk Newspaper Inc., publishers of the Pottsville Republican, died Tuesday. Clayton, who had been active in Republican politics, was born in Ashland, Pa.

Oh, my aching back

Nagging backache, headache, or muscular aches and pains may come on any day of stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation... with that restless uncomfortable feeling. If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—leading to increase the output of the 15 miles of kidney tubes. So if nagging backache makes you feel dragged-out, miserable... don't wait... try Doan's Pills... get the same happy relief millions have enjoyed for over 60 years. Ask for large, economy size and save money. Get Doan's Pills today!

Doan's

Proclamation
HEREAS, the Post Office Department has designated the week of May 21-26, 1962, as Mailbox Government Week and,
WHEREAS, it is my belief that people of Hempstead County, Arkansas, have as much pride in the appearance of their rural homes and of the countryside as the people of any other county in the United States,
NOW, THEREFORE, I Orie O. Byers, County Judge, do hereby proclaim the week of May 21-26 as Mail Box Improvement Week and do urge the rural route patrons of Hempstead County to see that their mail boxes are painted, that their names are plainly shown thereon, that they have proper flags on them, that the supports are neat and adequate and also painted, and that all boxes be repainted or replaced so that they will be a credit to the homes in front of which they stand.
GIVEN UNDER MY HAND,

Byers, County Judge, do hereby proclaim the week of May 21-26 as Mail Box Improvement Week and do urge the rural route patrons of Hempstead County to see that their mail boxes are painted, that their names are plainly shown thereon, that they have proper flags on them, that the supports are neat and adequate and also painted, and that all boxes be repainted or replaced so that they will be a credit to the homes in front of which they stand.
GIVEN UNDER MY HAND,

Candidate Tells Why He Entered Race
LITTLE ROCK (AP)—Dr. Kenneth Jones of Little Rock told a joint Republican meeting here Monday night the reasons he entered politics to oppose Sen. J. William Fulbright's bid for re-election.
The Little Rock orthopedic surgeon told a joint meeting of the Young Republican Club and the Pulaski County Republican Women's Club the Cuban situation and the president's handling of the steel price hike prompted his action.
U.S. Steel, which upped its price \$8 a ton and then rescinded the

action, was described by Jones as "large but not monopolistic." He expressed the wish that President Kennedy might have handled the Cuban situation by exerting strong pressures "as he did against Roger Blough."
Blough is chairman of the board of U.S. Steel.
Barley mentioning his opponent, Jones said, "While Senator Fulbright seems aware of the right of the individual, he seems equally unaware that the current creative and experimental pursuits of

our government can destroy our republican system of government."
He also made reference to a statement attributed to the incumbent Fulbright in which the constitution was viewed as being "for an 18th century agrarian society."
This view, Jones said he opposes.
The United States signed a treaty of annexation with Hawaii on February 14, 1893.

Dies in Accident
FORT SMITH, Ark. (AP)—Chester Carlson Jr., 6, was killed here Tuesday when the bicycle he was riding collided with a truck at an intersection.
Police said the youth rode into an intersection and his bicycle hit a wheel of the truck, driven by Ed Ransom, 58, of Van Buren. Police said no arrest was made.
The youth was the son of Mr. and Mrs. Chester Carlson Sr. The Carlsons were formerly of Muskegon, Mich.

No Objection to Political Activities

LITTLE ROCK (AP) — Gov. Orval E. Faubus has no objections to Winthrop Rockefeller's political activity as long as he does not become a candidate.

Faubus was asked at a news conference today if he thought Rockefeller should resign as chairman of the Arkansas Industrial Development Commission since he has taken a leading role in Republican political in the state.

"If his part in politics interfered with his job as AIDC chairman, I would object," Faubus said. "But I don't think there is interference now, nor would there be unless he became a candidate."

Rockefeller flirted with running for governor on the GOP ticket this year but finally withdrew as a candidate and pledged himself to work for other Republican candidates.

On another political matter, Faubus said he was not concerned about the University of Arkansas' ban on political speeches on campus.

"I've never made a political speech on the campus," Faubus said. "The only thing I know about this whole situation is what the press has told me."

Faubus said he had heard of no new developments in a controversy about a cut in National Guard strength, but he said Arkansas will send representatives to Washington to testify if and

Prank Ends in Death of Marine

WASHINGTON (AP)—A prank involving a papier mache likeness of Smokey the Bear has ended in death for a Marine.

The victim and a fellow Marine kidnaped the 5-foot-6, 75-pound figure Friday night from "Storybook Land," a children's amusement park near Woodbridge, Va., 25 miles south of the Capital.

They hid it at the Washington Marine barracks until early Sunday morning, when they tried to perch it atop a flagpole on the front lawn of a home for veterans.

With a final tug on the rope the bear and the 20-foot flagpole fell to the ground, pinning Cpl. Edward C. Kaltenbach, 23, of Erie, Pa. Kaltenbach died of a brain hemorrhage, apparently caused when a metal spade in the bear's right hand punctured his skull.

His fellow prankster, Cpl. Timothy M. Parsons, 21, of Pittsburgh, was felled by the flagpole but was not injured. He is being held "under administrative restriction" at the Marine barracks pending investigation, a Marine spokesman said.

It is estimated that falls account for about 27 per cent of the accidental deaths of farm people.

when the matter comes before a congressional committee.

Faubus said Lt. Col. Frank Angelo of Jonesboro and Maj. Gen. Sherman T. Clinger, state Adjutant General, probably would be the witnesses.

Rejects Plan to Pull Out of Council

By BRYAN HANSLIP

WINSTON-SALEM, N.C. (AP)—The Presbyterian Church in the U.S. (Southern) has, in effect, reaffirmed its membership in the National Council of Churches.

It did so by a vote of 294 to 51 last night, as delegates to the annual General Assembly rejected a proposal to pull out of the council.

Contentions that Council statements have a Communist slant, and fall outside the range of Presbyterian doctrine were voiced during the debate.

The 102nd General Assembly session ended today, after a final round of reports from church boards and agencies. More than 450 ministers and laymen were registered for the meeting, which began last Thursday.

Groups of churches in South Carolina and Mississippi called for an end to membership in the National Council of Churches. The standing Committee on Inter-church Relations approved the proposal, but a minority brought out a report recommending continued Council membership.

Randolph Lee of Patrick, S.C., charged that Council leaders are "doing everything they can to support the Communists." He said he agreed there might not actually be Communists involved in the Council, but he said, "Socialism is the Trojan Horse through which Communism gets into both our church and our nation."

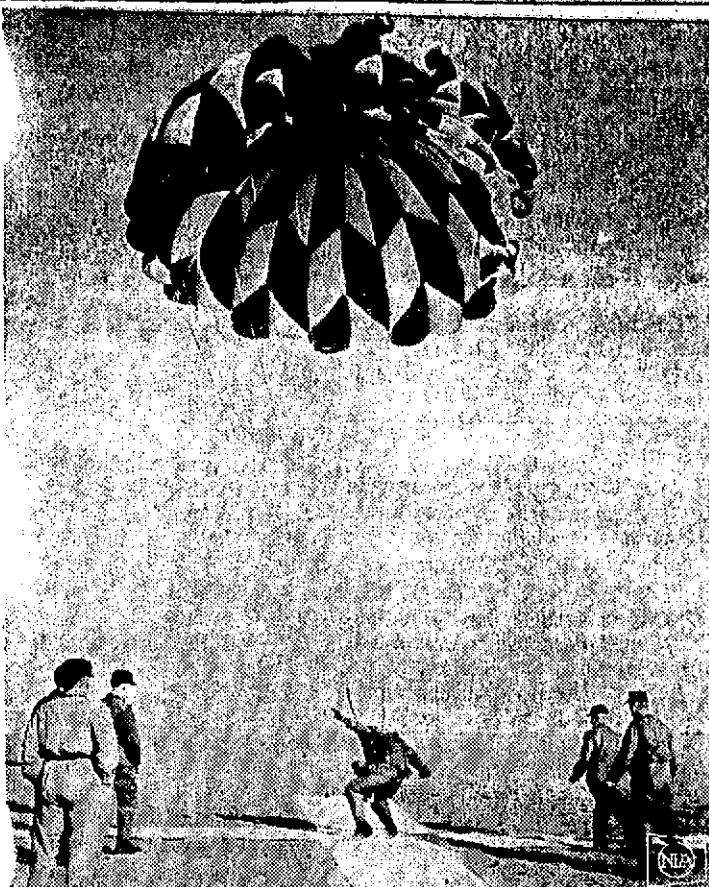

The Rev. Daniel Carlton of Asheville also said he makes no claim that National Council leaders are Communists, but "they are saying the same things the Communists are saying."

The Rev. William M. Elliott Jr. of Dallas, Tex., said withdrawal would be tragic. He said the Board of World Missions, which he heads, would be among church agencies suffering.

Body Recovered

EL DORADO, Ark. (AP)—The body of James Fitzgerald, 17, of Smackover, was recovered from an abandoned oil pit north of here Monday after the youth drowned while on a swimming party. Sheriff O. E. Bishop said young Fitzgerald was swimming with his sister-in-law, Mrs. Leo Fitzgerald, and another Smackover couple when he tired and went under.

The average size of farms in Nevada county is under 120 acres.

ON THE MARK—SP4 Sherman H. Willford of the U.S. Army Parachute Team scores a dead-center landing on the target in a jump at El Centro, Calif. Specially designed steerable chutes, plus the ability to maneuver their bodies during free fall, enable jumpers to achieve pinpoint accuracy. The Army team captured the unofficial world parachute title last year during competitions held in France.

Literacy Bill Likely to Be Shelved

By JACK BELL

WASHINGTON (AP) — With all sides reasonably satisfied that political profit has been squeezed out of it, the Senate may shelve today the administration's voter literacy test bill.

Before members is a motion by Majority Leader Mike Mansfield of Montana to put aside the measure. If it prevails as expected on a roll call vote, that will be the end for civil rights legislation in the 87th Congress.

Politically, there was something for everyone in this outcome. Southern opponents could brag at home they had killed another civil rights bill by their filibustering tactics. Advocates of the measure could assure interested minority voters they had done their best and would be back to try again.

Democrats and Republicans each could blame the other party for the lack of results.

The bill itself was designed to establish a sixth grade education

Society Has Deed to Old Courthouse

NEWPORT, Ark. (AP) — The Jackson County Historical Society has \$4,811, the deed to an old courthouse, and is ready to go to work on restoration.

The society, now some 300 members strong, came from a nucleus of persons who found out last January that the historical old county structure was to be razed.

They raised funds to meet the \$2,500 purchase price of the structure, then started after restoration.

It was aimed primarily at about 100 counties in the south where its supporters said state tests were used to keep Negroes from voting. Southerners called the measure an unconstitutional invasion of the right of states to fix voting qualifications.

The 52-42 vote by which the Senate Monday refused to limit debate sealed the measure's fate for all practical purposes.

On the key motion to limit debate, 11 Republicans joined 31 Democrats in voting for a cutoff. Opposed were 30 Democrats and 22 Republicans.

Death Penalty Expected for SAO Leader

By HARVEY HUDSON

PARIS (AP)—Secret Army Organization leader Raoul Salan went on trial today before a special court that is expected to condemn him to death.

The ex-general, who once wore many of France's highest military decorations, was ushered into the courtroom by four gendarmes and took his place in the prisoner's box.

There was a hush when court President Charles Bernet asked Salan to identify himself.

Salan rose, a wry smile drifted across his face, and he replied in a strong voice:

"My name is Raoul Salan, ex-general of colonial troops, Military Medal, Grand Cross of the Legion of Honor, wounded in action."

The court clerk read the accusation, which charged Salan with helping organize a putsch in April 1961, and then of being the leader of the secret army, which seeks to retain French rule in Algeria.

One of Salan's attorneys argued that the special high military court was not competent to hear any evidence on Salan's activities in the secret army.

Andre Galvada, the prosecutor and legal adviser to the court, rejected the defense contention and the court withdrew to deliberate the question.

The legalistic objections of the defense delayed a lengthy statement from Salan which he intends as the basis of his defense.

President 2nd grad 106-TA18

Charged for Beatings

LITTLE ROCK (AP) — Hugh Dan Hanna, 20, charged in the beatings of four children at Lake Oswego, Ore., will be extradited Tuesday. Police Chief Russell Thorne and Detective Charles Thomas arrived in Little Rock Sunday to return Hanna to Oregon. The beatings occurred May 2 at the Portland, Ore., suburb.

The last dodo is said to have died in 1689.

tion funds. A boost came when the owners of the building refunded \$600 of the purchase price as their donation to the society.

The old structure has been used for grain storage and was devoid of furnishings. The society is importing an old staircase to fit the interior.

First work will be to weather-proof the exterior, then society members will tackle the job of making the interior suitable for the museum they hope to establish there.

School Board Drops All Racial Bars

NEW ORLEANS (AP) — The

New Orleans School Board, under pressure by the federal courts, has voted to drop all racial bars in the first grade of public schools this fall.

The board currently is under a federal court order to desegregate the first six grades, but has filed an appeal for a new trial.

Under the board's decision Monday night, all children entering the first grade in September will be permitted to attend either the white or Negro school for their district, whichever they choose.

This action drops use of the pupil placement plan for the first grade, but that system of assignment remains in effect for the

second and third grades.

The board action was by a 3-0 vote. Two board members, including Emilie Wagner, an outspoken opponent of school desegregation, were absent.

The board also authorized School Supl. O. Perry Walker to begin a study of how to abolish biracial school districts, starting with the first grade. Federal Judge J. Skelly Wright ruled last month that the board's use of a pupil placement plan in a biracial school system was unconstitutional.

Twelve Negroes now attend first and second grades in six previously white public schools as a result of Wright's original desegregation order of May 1960.

The city's Roman Catholic schools are scheduled to be desegregated in September, by order of Archbishop Joseph Francis Rummel.

Clay county has a plant that manufactures pool tables.

Fatally Injured

BAIRD KNOB, Ark. (AP)—W. C. Jacques, about 42, a truck driver for a Memphis oil firm, was fatally injured here Monday when he swerved to avoid hitting another truck on U.S. Highway 64. Officers said Jacques was crushed in the cab of his truck which landed in a creek.

Columbia county has a farm where quail and pheasants are raised for sale and restocking of hunting areas.

Carolina.

After the vote, plans were made to bring minority report to the General Assembly, recommending continued council membership.

The Presbytery of Central Mississippi contended that the national council does not represent the Presbyterian point of view.

Several overtures were presented to the interchurch relations committee, calling for new talks for union with the Presbyterian Church in the U. S. A. (Northern). The two branches were divided at the time of the Civil War. Previous efforts for union have failed. The committee said it did not favor new talks at this time.

L. A. Negro Group Asks for Probe

LOS ANGELES (AP)—Twelve hundred Negroes at a mass meeting have asked state and federal probes of alleged brutality by Los Angeles police.

The charges, made and denied previously, were renewed Sunday before an audience that gave a standing ovation to a Black Muslim leader.

Keynote speaker Wendell Green, chairman of the Negro Committee for Representative Government, charged that Los Angeles policemen act "like a conquering army in an occupied country when dealing with Negroes."

The meeting was called by the self-styled Citizens Protest Rally Committee. Its stated purpose: "An inquiry into the causes of the violence that erupted on April 27—the day a Muslim was shot to death and six other persons, including a policeman, wounded during a riot in front of the Muslim temple."

Heavy applause was given Malcolm X, a national leader of the

anti-white Muslim cult. "It wasn't a Muslim who was shot down, it was a Negro," he said. "We were brought here 400 years ago in chains. And it's been 400 years of undiluted hell. Why if we don't hate the white man, then you don't know what you're talking about."

The Rev. J. Raymond Henderson, pastor of the 2nd Baptist Church, criticized what he called inflammatory speeches.

Helena Youth Dies in Wreck

HELENA, Ark. (AP)—Helena police said today David Chamness, 15, of Helena, was killed and eight others injured Sunday when the car in which they were riding failed to make a curve on Mississippi state Highway 6.

Police Chief Roy Ross listed the injured as Jim Chamness, brother of David, Billy Joe Boddie, Robert Ray, Lindsey R. Davis, Thomas M. Hale, Robert Moon, Anthony Williams and Larry Dannington.

Ross said Dannington is from Marianna, and the others are from Helena. Officials at a hospital in Clarksdale, Miss., said Williams was treated for bruises

Transfer of School Is Given Okay

LITTLE ROCK (AP)—The Arkansas Supreme Court approved a conversion of a white school to a Negro school in Little Rock in a 5-1 decision today.

Justice Jim Johnson, a former segregationist leader, dissented and Justice Sam Robinson did not participate.

The decision concerned the Rightsell school in south central Little Rock, which was changed to a Negro school last September.

A group of property owners filed suit contesting the conversions, contending the Little Rock school board abused its discretions in

and cuts and released. Jim Chamness and Davis are in a hospital in Helena. The others are in a Clarksdale hospital. The ages of the injured were unavailable immediately, but Ross said they were all teen-agers.

Ross said the accident occurred about four miles from the new Mississippi River bridge at Helena.

making the change. Pulaski Chancery Court dismissed the suit and the Supreme Court affirmed the lower court action today.

Justice Neill Bohlinger, in the majority opinion, said state law gives the school boards broad discretionary power over affairs within a district.

The opinion noted the Rightsell attendance area has 644 Negro students and only 300 white students, and that three adjacent Negro schools were over crowded. The opinion said the Rightsell school was designed for 420 students.

Johnson said in a dissenting opinion he felt the property owners were "seeking to preserve their constitutional right to be left alone." The Rightsell school had been a white school for 55 years.

Johnson said in a dissenting opinion he felt the property owners were "seeking to preserve their constitutional right to be left alone." The Rightsell school had been a white school for 55 years.

Votes With Majority

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., voted with the majority Monday in which a motion to limit debate on the administration's literacy test bill was defeated 52-42. Sen. J. William Fulbright, D-Ark., was announced as paired, a device used to denote opposing positions of senators when one or more is absent.

TV Violence and Sex Is Called Worse

WASHINGTON (AP)—Sen. Thomas Dodd, D-Conn., said today sex and violence on television became worse instead of better during the period in which the industry planned a cleanup.

Dodd made the comment as his Senate subcommittee quizzed Frank Stanton, President of Columbia Broadcasting System.

An angry exchange developed after Stanton said he didn't think it was necessary he should be informed of a sponsor protest about a chain whipping incident on the CBS show "Route 66" last year. Stanton said his job was to study over-all network policy, not keep track of individual incidents.

"I was hoping some major official would show concern about this sort of thing," snapped Dodd. "How would you handle it?" asked Stanton.

"When I was informed of it I would have gathered all my top officials together and told them I didn't want this to happen again," Dodd said.

"You know this didn't slip up on you overnight. You asked time to clean up the industry last year but it looks to me like it's just getting worse."

Stanton said that at the time the network was having difficulty with the outside producer of the show about creative control of the program.

Earlier, Stanton had denied that CBS television programs are unnecessarily loaded with sexy scenes.

As to testimony last week that

Kennedy Hosts French Minister

WASHINGTON (AP)—President Kennedy found time during a busy weekend of politicking in Milwaukee and decision-making in Washington to play host at a luncheon in honor of Andre Malraux, French minister of cultural affairs.

The jam-packed schedule kept the President hopping. He spoke at the Milwaukee fund-raising dinner Saturday night, flew into the Capital shortly after noon Sunday, immediately boarded a helicopter for Middleburg, Va., and the Malraux affair, and returned quickly to Washington in late afternoon for conferences on Laos.

Malraux, a noted writer, is on a five-day visit to Washington as a guest of the Kennedys. The luncheon in his honor was held at Glen Ora, the Kennedys' country place near Middleburg.

James T. Aubrey Jr., president of the subsidiary CBS television, had ordered the featuring of broads, bosoms and fun on its program "Route 66," Stanton said: "It never happened."

Stanton told the Senate Juvenile Delinquency Investigating subcommittee the network's program officials never put sex and violence in programs for their own sake but merely for story purposes.

Dodd disagreed with him and said the canons of good taste were breached in the Route 66 programs.

Stanton said he does not see all CBS programs, but the ones he has viewed "I did not think had excessive violence in them."

Churches Are Discussing a Merger

By BRYAN HANSLIP

WINSTON SALEM, N. C. (AP)—Big issues will be rolled to the fore today for the General Assembly of the Presbyterian Church in the U. S. (Southern).

These include a proposal to withdraw from the National Council of Churches, and another to decline to join other church bodies in exploratory talks looking towards union.

Dr. Edward D. Grant of Baton Rouge, La., new moderator of the general assembly, is a vice president of the National Council. The Southern Presbyterians have belonged to the council since its founding in 1950.

Nearly 500 ministers and laymen are attending the general assembly as commissioners (delegates for the Southern Presbyterian Church. The assembly began last Thursday, and ends Tuesday.

The emphasis was on worship Sunday. The First Presbyterian Church moved its services to a downtown movie theater, in order for the visitors to hear the sermon.

At an evening session, the Presbyterians were told of the need for pushing a \$12 million campaign for capital improvement funds.

The standing committee on interchurch relations voted 16-13 to recommend withdrawal from the National Council of Churches. It acted on overtures, or requests for action, from groups of churches in Mississippi and South

MR. AND MRS. BEN OWEN, OWNERS

Black Negro Cook Enroute to Hyannis

LITTLE ROCK (AP)—A second unemployed Negro cook is on his way from Little Rock to Hyannis, Mass., in a reverse Freedom Ride.

The Capital Citizens Council of Little Rock sent 45-year-old Theophilus Pruitt to Hyannis Monday. He is expected to arrive in Provincetown, R.I., at 6:30 p.m. Wednesday.

Pruitt is the third Negro to be shipped out of Arkansas with one-way expenses paid by segregationists. David Harris, an unemployed Negro cook, arrived in Hyannis from Little Rock Saturday. Earlier this month Wayman Berry, 62, an unemployed mill hand, took a Freedom Ride to Buckton, Calif.

"I asked why he picked Hyannis as a destination," Pruitt said. "I thought it would be a good opportunity to see the back bay area and see how those people live."

Amis Guthridge, president of the Citizens Council, paid \$51.26 for Pruitt's ticket, and gave him \$50.00 for expenses. Guthridge said he was a lifelong resident of Arkansas, and could not obtain work in Little Rock. He said he lost his job at a Little Rock restaurant which went out of business three weeks ago. Pruitt said he was acquainted with Harris, but that this

had nothing to do with his taking the trip.

The Rhode Island branch of the Urban League, an interracial social organization, has promised a grand reception, good jobs and housing for needy Negroes sent from Arkansas to the New England area. James Williams, president of the Rhode Island League, sent a telegram Monday to Herbert L. Tyson, executive secretary of the Urban League of Greater Little Rock.

Tyson, a Negro, said Williams wanted to know whether Negroes are interested in the Citizens Council's plans to provide free transportation for them to leave Arkansas, what the general feeling is toward the reverse Freedom Rides, and the number of acceptances.

"I told him I did not believe Negroes were interested in taking the rides," Tyson said. "Those two that went earlier were going anyway."

Guthridge said Monday night interest in the rides was mounting but declined to say whether similar rides were planned.

"We want to produce before we talk from now on," Guthridge said.

The Urban League and the Citizens Council met on a similar problem in 1958. The League withdrew that year from the United Fund Community Chest campaign, citing criticism that put pressure on the Community Chest drive.

"We decided to withdraw as a goodwill gesture," Tyson said. "We still think we should be in, and

Lee Farms to Produce Potatoes

MARIANNA, Ark. (AP)—Over thirty farmers in Lee County will produce sweet potatoes on a commercial basis this year.

The Allen Canning Co. in Siloam Springs has contracted with 35 farmers for about 100 acres of sweet potatoes.

This is the first year the vegetable has been produced for commercial purposes in Arkansas.

O. N. Stivers, county agent, said the token acreage represents the beginning of a program that has great potential in Lee County.

The sweet potato program is the third truck crop plan to be worked out in Lee County this year. Lee County farmers already are producing okra for the Birdseye Frozen Foods Co. of Searcy and cucumbers for the Atkins Pickle Co. in Atkins.

We apply every year. Many of our workers aid the campaign, but we are not officially a part of it."

Much of the criticism raised in 1958 came from the Citizens Council.

The Urban League of Greater Little Rock is the state branch of the national organization founded in 1937.

Guthridge, when asked if there was any particular reason why he was sending two unemployed cooks to Massachusetts, replied: "I want those good people up there to get used to Southern fried chicken."

Outer Space Treaty Is Proposed

GENEVA (AP)—The United States today proposed immediate negotiations for a treaty to prohibit the use of outer space for military purposes.

U.S. Delegate Charles C. Stelle made the proposal to the 17-nation disarmament conference. There was no immediate reaction from Soviet Delegate Valerian A. Zorin.

The Soviet Union has turned down several similar American proposals over the past four years.

Steele, deputy for U. S. Ambassador Arthur H. Dean, suggested the conference should draft a treaty prohibiting any weapons of mass destruction in outer space, combined with necessary international control measures.

Steele said this could form part of a general world disarmament treaty, but could come into force before the complex general treaty has been fully drafted.

Barring the military development of outer space is one of the most challenging opportunities of the conference, Steele said. He drew a parallel with the 1959 Washington treaty banning the use of the antarctic for military purposes, and said outer space could be permanently demilitarized in the same way.

Death of Ft. Smith Man Investigated

FORT SMITH, Ark. (AP)—Police continued their search today for the slayer of a Fort Smith businessman who was fatally wounded Sunday night while investigating a prowler.

The victim, Paul Rush, 54, president of a furniture manufacturing company, was fatally wounded and his son, Freddie, 25, shot in the shoulder while investigating a prowler at the son's business.

Police Chief Bill Knox said only two shots were fired, but officers were unable to determine immediately where the shots originated. Knox said there was no sign of burglary.

Police questioned Monday several employees of both the Rush Mfg. Co., owned by the elder Rush, and the V&R Sales Co., operated by the son. No arrests were made.

Knox quoted the younger Rush as saying he and his wife had passed their store Sunday night and saw the lights on. The son

Talk Tax Benefits

MCGHEE, Ark. (AP)—The Arkansas Industrial Development Commission met here today to discuss the need of tax benefits to attract industry to the state.

William P. Rock, AIDC executive secretary, said Monday the state must review its income tax program as it relates to attracting and retaining industry. Tax situations in neighboring states were to be reviewed by Rock at today's meeting.

He went to get his father and when they entered, both were shot.

Following the shooting, Knox said, the son staggered to a nearby produce store where he was found by a clerk who notified police.

The elder Rush was found dead at the foot of a stairway in the basement of the son's business.

Officers said a rear window may have provided the means of access into the store.

Rush, who was also president of the Hardwood Lumber Products Co. and the Waldron Furniture and Mfg. Co., Waldron, is survived by his widow and a daughter, in addition to his son.

Funeral services for the victim are scheduled for Wednesday.

TV Engaged in Study of Its Viewers

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Television, largely for commercial reasons, is engaged in endless study of its viewers—who they are, how they live and, most of all, what they like.

The most recent-aimed directly at the sponsors' pocketbooks—undertakes to pinpoint the program preferences of some important "consumer targets," which is the Madison Avenue phrase meaning viewers with money to spend.

For instance, this one purports to show that women buyers of hair sprays prefer mystery adventure variety, drama, news and documentary shows, but women buyers of color rinse for hair add situation comedy programs to the list.

Female cigarette smokers prefer mystery-adventure and drama but male cigarette smokers also enjoy news-documentaries.

Families that use more than a dollar's worth of soaps and detergents a week were found to enjoy

mystery-adventure, westerns, and drama, while families that use more than three cans of scouring powder a month choose mystery, adventure, drama, news and documentary.

This is all pretty fascinating but I can't seem to figure out a real relationship between scouring powder and a score of westerns, or for that matter, see why heavy tea drinkers go for horse operas while coffee drinkers prefer whodunits.

But that's Madison Avenue—always researching.

The Bing Crosby show on ABC Monday night was officially a variety hour, but it was really an hour-long mystery. For instance, who did Bing, Bob Hope, and Edie Adams ever find so many nonmemorable and tuneless songs to sing? Why weren't Bob and Edie given some comedy numbers? How come the commercials seemed as numerous and as long as the entertainment numbers?

Truth to tell, it was decidedly a minor Crosby effort—a good-humored and well-intentioned but very slight and apparently slung together casually. It was too bad, too, with such an array of excellent performers standing around without much to do. It wasn't a total loss: Bing and Bob got to plug their new movie.

Colleges to Accept Bids on Buildings

LITTLE ROCK (AP)—Bids are expected to be opened before June 30 on several construction projects at state-supported colleges and the University of Arkansas, the state's first building consultant said Monday.

Charles S. Warman of Russellville, who is overseeing the \$23,703,440 state construction program said plans on the projects are rapidly nearing completion. Only \$7,500,000 of the funds are for state-supported colleges and the university. The rest is for other state institutions.

Arkansas AM&N College at Pine Bluff is the only school that already has opened bids on a project. The college has under contract a \$432,000 job to construct a vocational arts building and modernize existing facilities.

Arkansas Polytechnic College

Freedom Rider Lands a Job

HYANNIS, Mass. (AP)—Reverse freedom rider David E. Harris landed a job today at the Cranberry Goose Restaurant on Route 6A in Yarmouth Port.

The 43-year-old Negro had several interviews Monday at the Massachusetts Division of Employment Security office in this Cape Cod community and decided to take a kitchen job at Cranberry Goose. He will start a week from Wednesday.

In the meantime he will continue to live at the North Street home of Joseph B. Montiero while seeking lodging closer to his job. He was aided in getting the job by the Rev. Kenneth P. Warren of the Barnstable Unitarian Church.

John Frazier, local office manager of the Employment Security office, said if Harris qualifies as a chef he can earn from \$125 to \$150 a week. Cooks jobs pay from \$75 to \$100 weekly with meals.

Harris arrived on Cape Cod last Saturday on a one-way ride from Little Rock, Ark., his trip financed by the segregationist capital citizens' council.

Youth Admits to Setting 5 Fires

BATESVILLE, Ark. (AP)—A 15-year-old boy was failing in his school work has admitted setting five fires at school so he could put them out and impress school officials, Sheriff John Davis said. The boy was picked up at his home Monday night, and admitted setting the fires so he could impress Superintendent of Schools Marvin Moore in the hope that he would get another chance at his work, Davis said.

Five fires broke out at the Southside School near here last Friday and caused \$100 to \$150 damage. The boy put out all of them, but two fires in the library almost got out of control when he tried to fight them at the same time, the sheriff said.

The other fires were in a janitor's room, an office, and a room off the auditorium.

Davis said the boy would be taken into juvenile court Friday.

at Russellville is expected to ask for bids May 21 on a \$1 million contract for construction of a science building and a women's dormitory.

Individual and combined bids will be sought on the two projects, although each is financed independently, the science building with state funds and the dormitory with a federal loan.

Other projects include: University of Arkansas at Fayetteville, \$2,100,000 for a science-engineering building, equipment for the animal science center and other improvements.

Arkansas State College at Jonesboro, \$1 million for a library building.

Henderson State Teachers College at Arkadelphia, \$700,000 for a classroom and administration building.

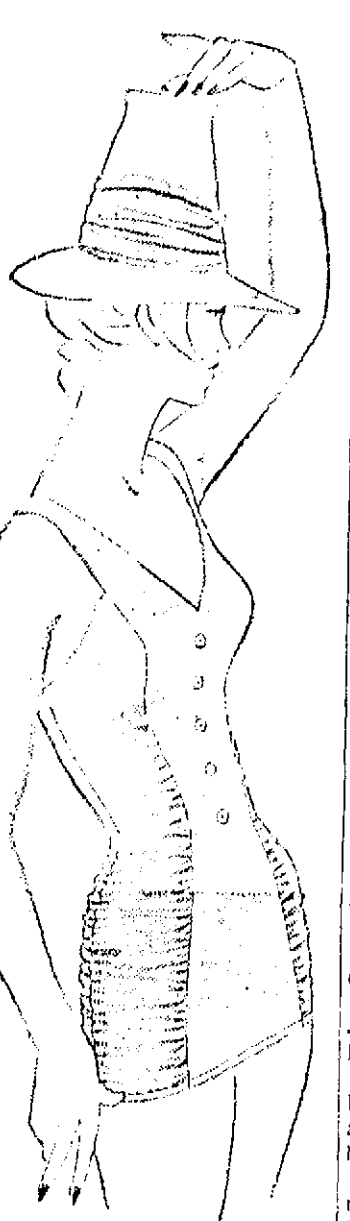

Southern State College at Magnolia, \$650,000 for a student center, equipment for the physical education building and general modernization.

Arkansas A&M at Monticello, \$750,000 for renovating the science building into an academic building and construction of a new science building.

Arkansas State Teachers College at Conway, \$800,000 for a library building.

The programs were authorized twice last year. Once in an omnibus construction act advocated by the administration and later in a new act after the omnibus act was invalidated by the state Supreme Court. The new act was upheld by the court last January.
